

SIYAPHUSHA

C O N S O R T I U M

FOUDATION

Siyaphusha Consortium (PTY) Ltd.

was established as a fully registered company in the Companies and Intellectual Property Commission of South Africa 2020 to provide specialist mining and construction services to the mining industry throughout South Africa. Since its inception the company has gained a solid reputation in the mining sector and in civil engineering projects associated with coal mining and transpotation. Siyaphusha Consortium has delivered bulk earthworks projects and contract mining services on schedule and to high standards of proficiency. We view each project as independently to uniquely meet the client's requirements and provides expertise and equipment to achieve objectives, schedules and scope of works.

The company's personnel have gained experience and have acquired knowledge in efficient mining and construction practices particularly in earthworks, logistics construction of dams, rural earthstrips and roads

OUR VISION

Siyaphusha Consortium (PTY) LTD has a vision of becoming one of the foremost mining contractors in the South Africa not limited to the other African Continents. Siyaphusha Consortium (PTY) LTD's executives are committed to this vision and are actively seeking company accreditation to international standards.

MISSION

To accomplish our Vision and Objective by continuous self improvement and training to develop our employees, who are our greatest assets, to the National standards in all facets of mining including safety, environmental, engineering, mechanical and productivity.

OBJECTIVES

To provide mining and associated construction services of the highest professional level with a safety and environmental record second to none.
