# EXECUTIVE SUMMARY

## POWERING PROGRESS SINCE 2020

Four years ago we started with a simple goal. We wanted to be a different kind of partner in the Mpumalanga mining sector. One that combined real experience with genuine reliability.

Today, Siyaphusha delivers integrated mining support, earthworks, and logistics from our base in Phola. We have moved over 1,000,000 tonnes of material for leading industry clients. We have done this while building a perfect safety record across 30,000 operational hours. Our clients trust us because we understand the pressure they face. They know we will do what we say we will do.

### A RECORD OF RELIABLE DELIVERY

**1,4M+**

TONNES TRANSPORTED WITH OUR HAULAGE FLEET

**30 000+**

OPERATIONAL HOURS WITH ZERO LOST TIME INCIDENTS

**25 000**

DAILY TONS MATERIAL HANDLING

**3.4M+**

TONS MANAGED AND STOCKPILED

02

# OUR STORY & VISION

## HOW WE BEGAN

Our story is not complicated. Two partners with deep industry experience saw a need for a contractor who did things properly. In 2020 we established Siyaphusha in Phola. We built the company on a foundation of hands on knowledge. We believe the best way to run a project is to understand the work from the ground up.

## WHERE WE ARE HEADED

Our vision is clear. We want to be the first company mining and civil clients think of when they need work done. They should think of us not because we are the largest but because we are the most dependable. We aim to build partnerships that last for years, not just for one project.

## WHAT WE DO EVERY DAY

Our mission is our daily practice. We come to work to deliver safe, effective service. We enhance our clients productivity. We care for our team and the environment where we work. We measure our success by the trust our clients place in us.

03

# LEADERSHIP

## THEMBA NKOSI

FOUNDER & EXECUTIVE DIRECTOR

A visionary leader with deep expertise in the South African mining sector, Themba founded Siyaphusha Consortium with a mission to deliver world-class mining services through innovation and sustainable growth.

## SOLOMON HOWARD

OPERATIONS DIRECTOR

Driven by a passion for operational excellence and site safety, Solly leads our field teams with a motivational approach that empowers every employee to reach their full potential while maintaining our high standards.

# OUR SERVICES

01

## LOGISTICS AND HAULAGE

We transport bulk materials safely across Mpumalanga. Our 34-ton side tippers form a core part of this capability, handling over 25,000 tons daily.

02

## STOCKPILE MANAGEMENT

Good stockpile management prevents delays and ensures consistency. Our team has managed over 3,400,000 tons in stockpile volumes.

03

## MINE REHABILITATION

We restore mining land to a productive state. Our work follows careful plans and meets all regulations to leave the land better for future use.

04

## CRUSHING AND PLANT HIRE

We process raw materials to meet specific client grades using mobile plants on site. We also hire out this equipment to other operators.

05

## CIVIL WORKS

We build strong, durable infrastructure including haul roads, dams, and site facilities. We build things right the first time to avoid problems later.

06

## SOIL STRIPPING

We remove overburden to access resources efficiently. We handle topsoil with care so it can be reused later, protecting the environment.

## KEY ROUTES AND VOLUMES

THUNGELA RESOURCES

**Phola to Greenside**

**500,000 Tons**

THUNGELA RESOURCES

**Isibonelo to Landau**

**800,000 Tons**

THUNGELA RESOURCES

**Stockpile Management**

**3.4 Million Tons**

GLENCORE

**Umsimbithi to Eskom**

**750,000 Tons**

## A PROVEN TRACK RECORD

*"We measure our success by the trust our clients place in us. Our 30,000+ hour incident free record is our greatest achievement. Safety is not just a rule here. It is the foundation of our culture."*

## SCOPE OF WORK

| # | CLIENT / PROJECT                      | DESCRIPTION                         | VOLUME              |
|---|---------------------------------------|-------------------------------------|---------------------|

| 3 | THUNGELA RESOURCES<br>ISIBONELO       | COAL HAULING                        | <b>800,000 Tons</b> |
| 4 | GLENCORE / ESKOM<br>UMSIMBITHI MINE   | COAL HAULING TO POWER STATIONS      | <b>750,000 Tons</b> |
| 5 | TRANSNET                              | 34-TON SIDE TIPPER TRUCK OPERATIONS | <b>25,000 Tons</b>  |

## **HAULAGE FLEET**

We operate a modern fleet of side tipper trucks, including 34-ton capacity vehicles. We support them with fuel tankers and lowbed trailers. This fleet handles over 25,000 tons in our daily operations.

- Side Tipper Trucks (34-ton capacity)
- Fuel Tankers
- Lowbed Trailers

## **EARTHMOVING EQUIPMENT**

We use excavators, dozers, graders, and loaders. We choose the right size machine for each job, making our work efficient and cost effective.

- Excavators & Dozers
- Graders & Front-End Loaders

## **PROCESSING PLANT**

We have mobile crushing and screening plants. These allow us to process material on site to produce the exact product specifications required.

- Mobile Crushing Units
- Screening Plants
- Conveyor Systems

**>95%**

OPERATIONAL AVAILABILITY

## SAFETY FIRST

"Zero harm philosophy." We maintain a safety record second to none, prioritizing the well-being of our workforce and communities above all operational targets.

## EXCELLENT QUALITY

We deliver on-schedule with the highest standards of proficiency. Our commitment to quality ensures efficiency and reliability in every project we undertake.

## ENVIRONMENTAL CARE

We take our environmental responsibility seriously. Our rehabilitation work uses proven scientific methods to return land to a healthy, sustainable condition.

## COMMUNITY INVESTMENT

"We invest in the communities where we operate. Our commitment goes beyond our work sites. We focus on skills improvement and creating opportunities that empower people."

### FOCUS AREAS

- LOCAL SKILLS DEVELOPMENT
- SME SUPPORT PROGRAMS
